The screenshot displays the ESHRE e-learning platform interface. At the top, there is a navigation bar with the ESHRE logo and links for Home, Catalogue, My Profile, and FAQ. Below the navigation bar, the interface is divided into two main sections: Filters and Catalogue.

Filters: This section on the left allows users to refine their search. It includes a search bar, an author filter, and several filter categories with expandable options:

- Education:** Course (selected), Webinar, Annual meeting, Educational track.
- Topics:** Expandable.
- Year and event:** Expandable.
- Course date range:** Expandable.
- Access:** Expandable.
- Sort by:** Expandable.

Catalogue: This section displays a grid of course cards. Each card includes a thumbnail image, a title, a subtitle, a category, a date, and a heart icon for favorites. Some cards also indicate the number of authors or a progress indicator (e.g., 4/4, 2/4, 3/4).

- ESHRE Certification for Reproductive Endoscopic Surgeons (ECRES):** reproductive surgery, 04/04/2024.
- Infertility treatment of endometriosis: how, why & when:** reproductive surgery, 23/05/2024.
- Mid and long-term follow-up of cancer boys who have undergone a testicular...:** andrology, 07/05/2024.
- The microbiome in reproduction:** implantation and early pregnancy, 02/05/2024.
- Improving fertility: from traditional medicine to high technology:** global and socio-cultural aspects of infertility, stem cells, 29/04/2024.
- When embryology meets genetics:** embryology, reproductive genetics, 18/04/2024.
- PGT - Presentation of the new database:** 18/04/2024.
- An update on vitrification:** embryology, 09/04/2024.
- Two decades of fertility preservation: lessons learned and what the future...:** fertility preservation, 04/04/2024.
- Organoids to study spermatogenesis:** andrology, 02/04/2024.
- Ethics and information sharing in donor conception:** ethics and law, 28/03/2024.
- Female Genital Malformations:** reproductive surgery, 28/03/2024.

Studies and Data Collection

The Preimplantation Genetic Testing (PGT) Consortium

Has been collecting prospective and retrospective cycle-by-cycle data on PGT-M, PGT-SR and PGT-A since 1997

Data XXI (2018)

Published January 2023, ESHRE Pages *HROpen*

Data XXII-XXIV (2019-2020-2021)

Data is collected and analyzed – manuscript to be drafted by the end of 2024

Data XXV (2022)

New database with aggregated data

In use since April 2024, preliminary data presented during the Annual meeting in Amsterdam

Studies and Data Collection

The European IVF Monitoring (EIM) Consortium

Has been collecting yearly data about assisted reproductive technology since 1997 in about 40 European countries

Data 2019

Publication date: July 2023, ESHRE Pages *HROpen*

Data 2020

Data analysis in progress - Manuscript to be drafted by the end of 2024

Data 2021, deadline May 2024

Preliminary data presented during the Annual meeting in Amsterdam

Survey on ART and IUI: legislation, regulation, funding and registries in European countries (2022)

Manuscript accepted for publication

<https://www.eshre.eu/Data-collection-and-research/Consortia/EIM/Legislation-for-ART-and-IUI-treatments>

New platform in development

Studies and Data Collection

EuMAR: European Monitoring of Medically Assisted Reproduction

EuMAR is a three-year project aiming to develop a **European registry of prospective cycle-by-cycle data** on the use and outcomes of MAR treatments.

- **Funding programme:** EU4Health
- **Total funding:** 1,880,517 €
 - EU contribution: 1,128,310 €

Main objectives:

- 1** CREATE A DATA FLOW SYSTEM for data submission that is suitable to all stakeholders
- 2** ESTABLISH STANDARDISED PARAMETERS AND DEFINITIONS
- 3** DEVELOP A TECHNICAL SOLUTION for a web-based registry

Studies and Data Collection

EuMAR: European Monitoring of Medically Assisted Reproduction

WP 3 : INTEGRATION IN NATIONAL POLICIES AND SUSTAINABILITY

Engagement of national stakeholders through survey and follow-up interviews

WP 4 : SELECTION AND DEFINITION OF PARAMETERS

64 Parameters to be collected, with definitions and calculations for outcome parameters

WP 5 : IT SOLUTION FOR THE REGISTRY, INCL IRCC

Prototype of the software and concept for the IRCC

WP 6 : PILOT STUDY

Pilot countries identified, pilot study started in July 2024

WP 7 : PLAN FOR INCORPORATION OF INNOVATION

Will start in 2025

Horizontal work packages:

WP 1 : MANAGEMENT AND COORDINATION

WP 2 : DISSEMINATION AND COMMUNICATION

WP 8 : EVALUATION

Benefits of EuMAR

**Monitoring of
trends and
treatment
outcomes in MAR**

**Collection and
calculation of
cumulative outcome
parameters**

**Harmonised data
from different EU
countries**

**Quality assurance
and benchmarking
in fertility clinics**

**Inter-institutional
and cross-border
data collection**

**Data for open
science**

Guidelines & good practice recommendations

Turner Syndrome (2024)

Polycystic ovary syndrome (2023)

Number of embryos to transfer (2023)

Oocyte retrieval (2019)

Ovarian Stimulation (2019)

Surgery in endometriosis (2017-2020)

Performance indicators - ART Lab (2017)

Female Genital Malformations (2016)

Routine Psychosocial Care (2015)

Good practice in IVF Laboratories (2015)

Premature Ovarian Insufficiency (2015)

Guidelines & good practice recommendations

**GOOD PRACTICE RECOMMENDATIONS
ON RECURRENT
IMPLANTATION FAILURE**

**GOOD PRACTICE RECOMMENDATIONS
ON ADD-ONS IN REPRODUCTIVE
MEDICINE**

**FERTILITY SPARING IN
ENDOMETRIAL CANCER**

**New Guidelines
and
Recommendations
(in 2023)**

**GUIDELINE ON NUMBER OF
EMBRYOS TO TRANSFER
DURING IVF/ICSI**

**GUIDELINE ON UNEXPLAINED
INFERTILITY**

**INTERNATIONAL GUIDELINE ON
POLYCYSTIC OVARY SYNDROME**

**GUIDELINE ON RECURRENT
PREGNANCY LOSS**

Guidelines and Recommendations

New Guidelines and
Recommendations
(expected in 2024)

Premature Ovarian Insufficiency

Adenomyosis

Oocyte & Embryo Morphological Assessment

Fertility Preservation in Prepubertal Males

Fertility Sparing in Gynecological Cancer

Imaging for non-invasive diagnosis of Endometriosis

Accreditation and Certification

ESHRE Certification Clinical embryologists

EmCC (since 2008)

CESMA validation approved by UEMS (2018)

- **271 Clinical + 178 Senior applications received.**
- **371 completed the exam on 8 June.**
- **Results released on 24 June 2024: 203 passed the exam (123 Clinical + 80 Senior)**

ESHRE Certification Reproductive endoscopic surgeons (ECRES)

GESEA-ECRES (since 2013)

- **11 applications for level 1 certification and 5 applications for level 2 certification in November 2023.**
- **15 certifications issued.**
- **Level 1 and 2 training and certification in November 2024 in Leuven (BE).**

Accreditation and Certification

ESHRE Certification

Nurses and midwives

NMCC (since 2015) - Nurses and midwives

- 34 applications received.
- 19 accepted & participated in the exam on 8 June
- Results released on 24 June 2024: 16 passed the exam

ESHRE / EBCOG EFRM exam

European fellowship in reproductive medicine

EFRM (since 2018) - Training Programme for Sub-specialists approved by UEMS

- 35 applications received for part 1 in 2024.
- 16 accepted and participated in the part 1 exam on 8 June 2024. 9 Participants passed the exam.
- 12 Participants (9+3 previous year) registered for part 2 exam on 6 July 2024. Results available by mid-July 2024.

Accreditation and Certification

Training Centre Accreditation of Subspecialist Training Programme in Reproductive Medicine (since 2004)

- 12 Certified centres in total.
- 2 Reaccreditations and 1 new accreditation in 2023.
- 6 Centres in the pipeline (all for reaccreditation).
- Launch new application platform - July 2024.

ART Centre Certification for Good Clinical Practice (since 2019)

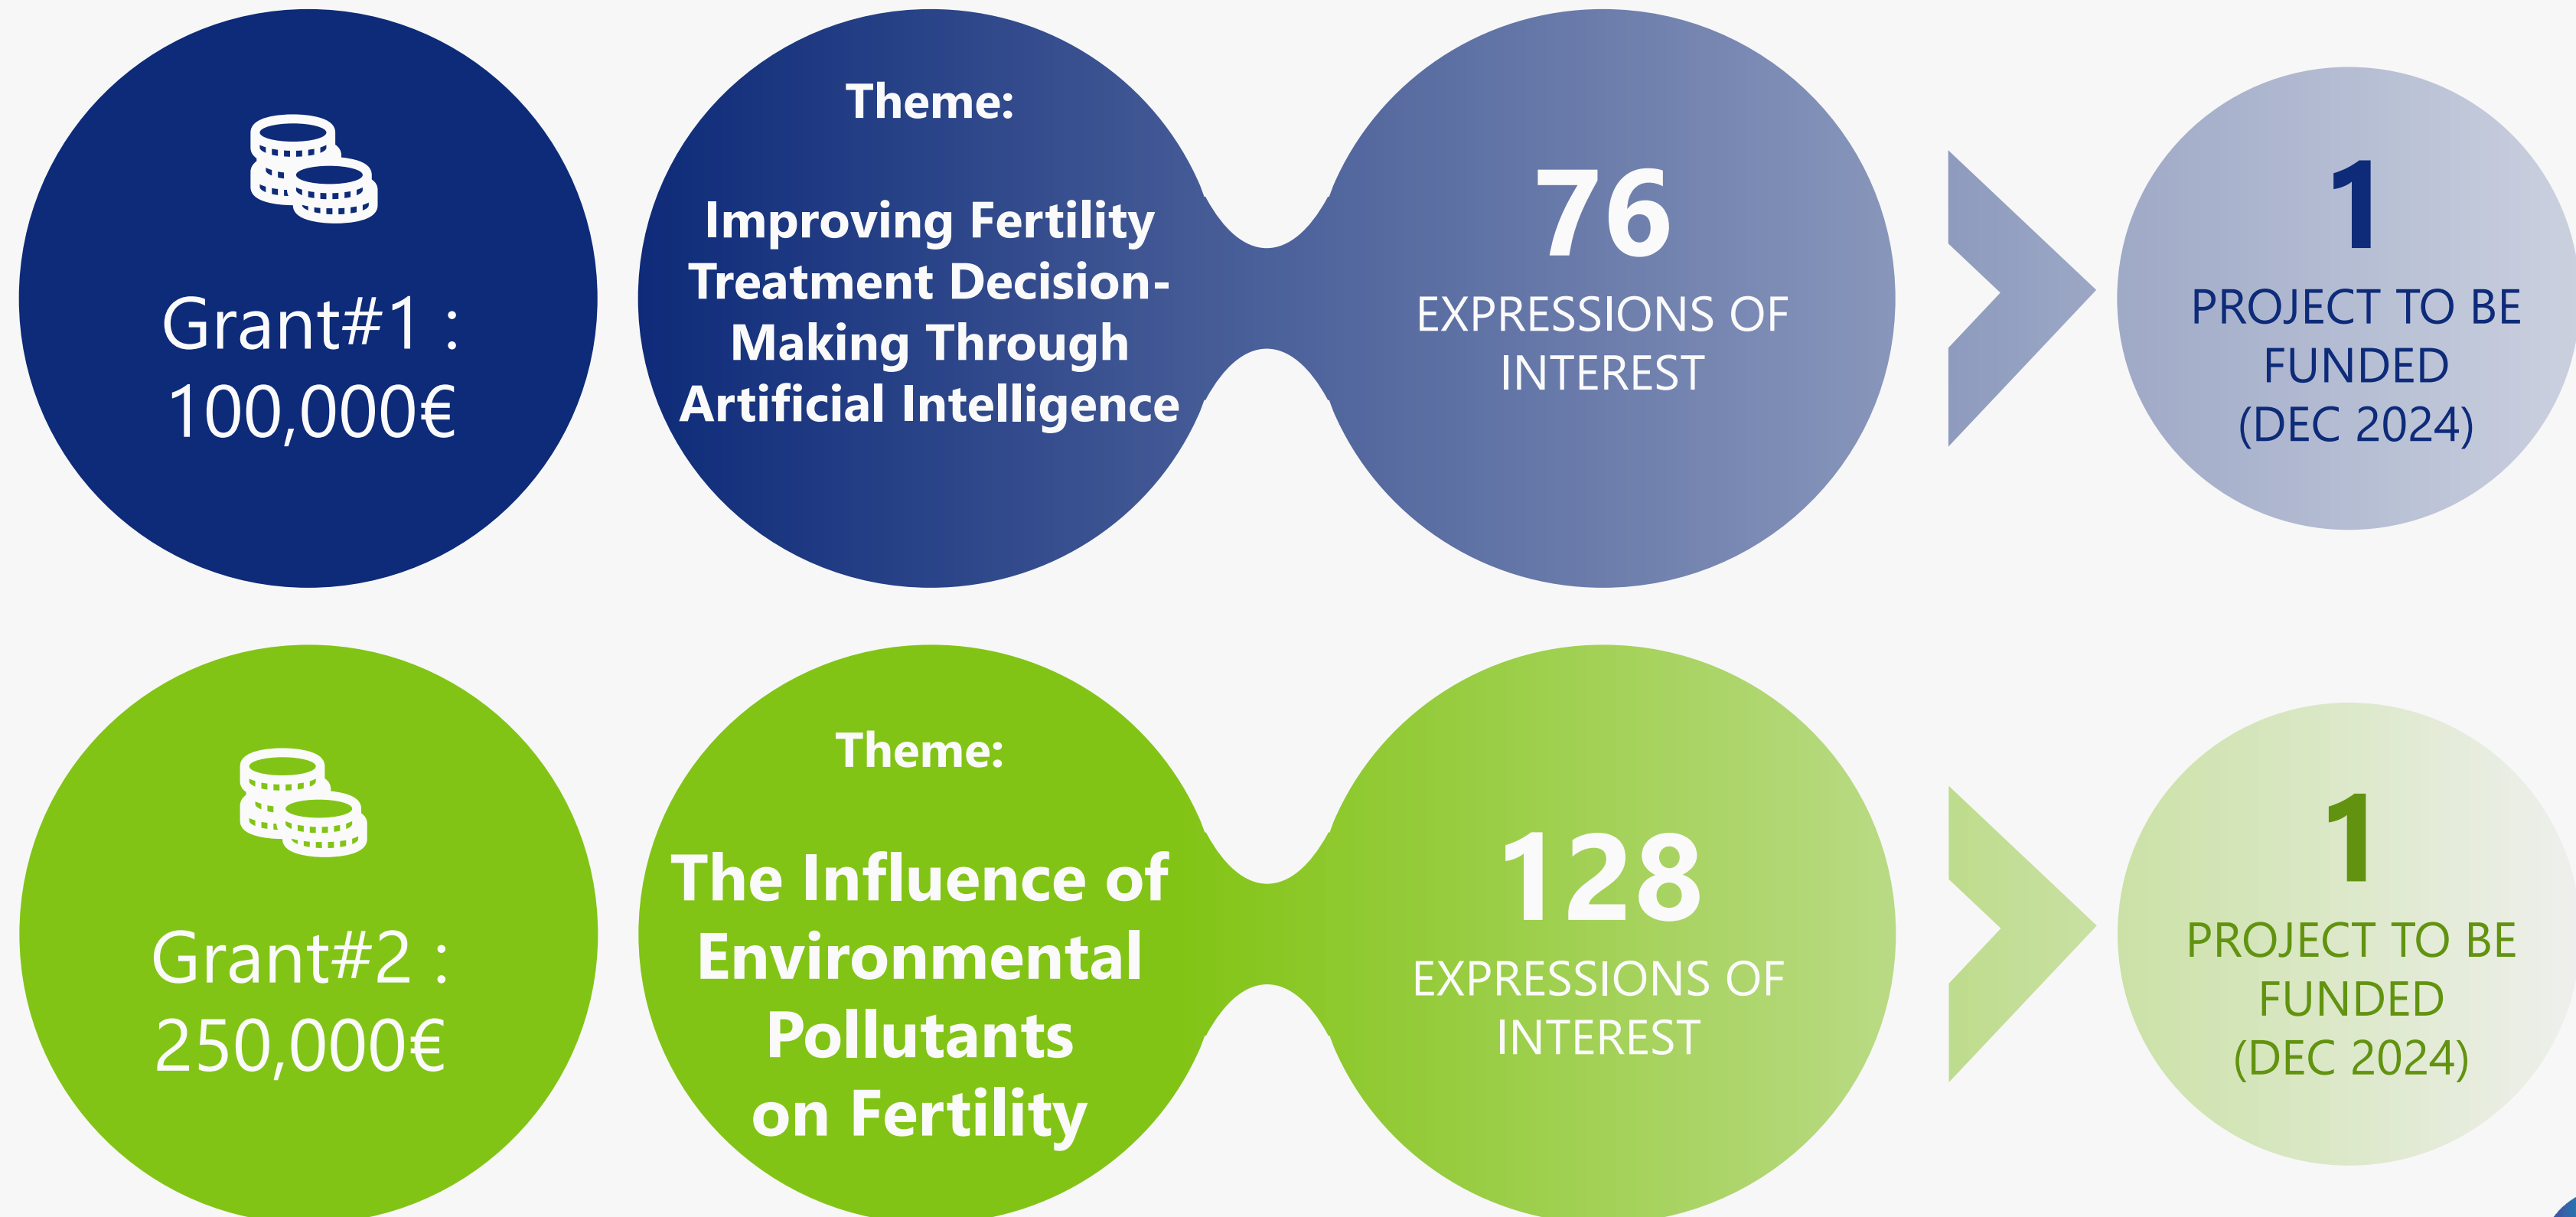

- 13 certified centres in total.
- 3 centres in reporting phase.
- 2 visits scheduled (1 in July and 1 in October 2024).
- 21 centres in the pipeline.

Embryology Training Centre Accreditation

- 15 assessors appointed.
- Launch new application platform July 2024.

Research grants

Exchanges with other societies @ESHRE 2024

Exchange Sessions

American Society for Reproductive Medicine (ASRM)
"Assisted reproductive technologies: new horizons"

Asia Pacific Initiative on Reproduction (ASPIRE)
"The Relevance of AMH in 2024"

International Federation of Fertility Societies (IFFS)
"Fertility Free Fall - where do you stand?"

Indian Fertility Society & Indian Society of Assisted Reproduction (IFS/ISAR)
"IFS/ISAR Exchange session: The ovary"

Asociación Latinoamericana de Medicina Reproductiva (ALMER)
"Are we in the era of precision reproductive medicine?"

Fertility Society of Australia and New Zealand (FSANZ)
"FSANZ Exchange session"

Pre-congress courses

American Society for Reproductive Medicine (ASRM)
"Embryo Transfer"

Middle East Fertility Society (MEFS)
"Eight innovative interventions to improve ART outcomes: Promising or sobering facts?"

Mediterranean Society for Reproductive Medicine (MSRM)
"All about PRP treatment in infertility and IVF (theoretical and hands on training for preparation and use)"

Exchanges with other societies - 2024

ALMER : Asociacion Latinoamericana de Medicina Reproductiva

ASRM: American Society for Reproductive Medicine

IFS: Indian Fertility Society

ISAR: Indian Society of Assisted Reproduction

CFAS : Canadian Fertility and Andrology Society

FSANZ: Fertility Society of Australia and New Zealand

SEF: Spanish Fertility Society

Invited lecture @CFAS 2024

Session @ASRM 2024

Postgraduate Course @ASRM 2024

Invited Session @ SEF2024

FUSION 2024

**Joint event with IFS/ISAR
Jaipur, 13 to 15 Sept 2024**

Session @ ALMER2024

Award-winning presentation @ FSANZ 2024

Policy making, advocacy and EU affairs.

- **Significant role in the revision of the EU legislation on Substances of Human Origin (SoHO)**
 - ✓ Event, position statements
 - ✓ Regulation adopted in May 2024, will start applying in 2027
 - ✓ Planned: information for ESHRE members

- **Participation in the formulation of technical guidance on SoHO**
 - ✓ Contribution to 5th edition of the Tissues and Cells guide of the EDQM (Council of Europe)
 - ✓ ESHRE representation in the ECDC Network on microbial safety of SoHO

- **Advocacy for increased EU funding for research on infertility and MAR**
 - ✓ Defining key topics to be considered for funding (working group)

Policy making, advocacy and EU affairs.

- **Coalition for Fertility**

- ✓ Joint declaration together with Fertility Europe and 10 other organisations
- ✓ Aim to raise awareness on infertility at EU level
- ✓ Planned: event in the European Parliament in October 2024

- **Following the EU initiative on a European Health Data Space (EHDS)**

- ✓ Joint statements with other organisations
- ✓ Adoption expected still this year

Next steps:

- **Follow up on any additional legislation that may impact MAR clinical practice** to ensure that the expert views of ESHRE members are taken into consideration
- **Explore and develop further advocacy goals**

Strategic exercise 2023 – 2027

Strategic exercise 2023 – 2027

Expand the educational resources

ESHRE aims to expand its educational resources to different target audiences and through different channels to fulfil its educational mission.

Become a Key resource for patients & lay public

Redesign the ESHRE Annual meeting

Strengthen the educational format

Raise awareness on fertility and promote reproductive rights

ESHRE aims to perpetuate its engagements towards promoting reproductive rights, fertility awareness and relevant EU regulations to ensure all European citizens have access to fertility knowledge and fertility care.

Support national advocacy

Engage policymakers infertility awareness

Strategic exercise 2023 – 2027

Restructure the Future

ESHRE aims to review and - if necessary - to re-structure its internal organisation and develop a strong and sustainable organisation built on an effective collaboration between permanent staff at the central office, engaged members / professionals and external partners.

Enhance digitalisation

Optimise ESHREs committee structure

Enhance membership engagement

Guarantee stability in the ESHRE central office

Diversify income sources

Investigate and structure collaboration with national European Societies

Support research in reproductive biology and medicine

To advance understanding of reproductive biology and medicine, ESHRE aims to support research and researchers both financially and practically from starting a research project to publishing and disseminating the outcomes.

Increase and diversify research grants

Relaunch an improved ESHRE Mentorship Programme

Financial Report

Annual Accounts 2023

	2022	2023	Budget 2023	Budget 2024
Income	8.861.253,56 €	10.080.579,76 €	9.374.237,27 €	9.878.780,00 €
Expenditures	8.027.915,44 €	8.991.270,62 €	8.595.941,18 €	9.792.798,42 €
Net result	833.338,12 €	1.089.309,14 €	778.296,09 €	85.981,58 €

Exceptional financial income/expenditure

Since the start of the investment portfolio (December 2013), an implicit capital gain had been built-up. However, this added value was never expressed in the accounts, except – for the first time - in the 2021 accounts.

Since the composition of the portfolio (at bank Delen) was changed in the course of 2021 and part of the funds were sold, this implicit added value was “locked” and was included in the accounts as income.

In 2022, the depreciation of the assets (-635.398,28 Euro) and loss on disposal of the assets (-300.513,25 Euro) for a total of -935,911.53 Euro was included in the accounts as an expense.

The “real” income for 2023 is 9,444,414.41 Euro. Hence, the “real” net result for 2023 is 453,143.79 Euro.

Annual Accounts 2023

Excluding exceptional financial income

	2022	2023	Budget 2023	Budget 2024
Income	9.797.165,09 €	9.444.414,41 €	9.374.237,27 €	9.878.780,00 €
Expenditures	8.027.915,44 €	8.991.270,62 €	8.595.941,18 €	9.792.798,42 €
Net result	1.769.249,65 €	453.143,79 €	778.296,09 €	85.981,58 €
